### **Grow House Operation Dismantled-Bushnell, FL**

On 4/29/16 at approximately 0930 hours detectives with the Sheriff's Special Investigations Squad were notified by Withlacoochee River Power Cooperative of a power diversion occurring at a property in the 6800 block of CR 575 in Bushnell, FL. 33513. Power diversions of this size and scale can be indicative of a marijuana grow operation, and detectives initiated an investigation.

Detectives obtained a search warrant that was executed at approximately 1118 hours on today's date. A large and elaborate grow operation was discovered in an enclosed shed on the property and inside a residence that had been renovated to facilitate the grow that included building and insulating walls, installing fans and lights, and an elaborate water system.

Two people have been taken into custody. The first suspect is a 34 year old male, Danko Luya-Moreno who occupied the residence; the second suspect is Danko's 28 year old girlfriend Taylin Diaz-Interian. Currently, both are being charged with cultivation of marijuana and additional charges are expected

Detectives are on scene and are in the process of dismantling the operation; an update will be provided with further charges, amount of marijuana seized and its value upon completion of the on scene investigation.
